- On the tree are five leaves, symbolizing the five traits of a fully devoted follower of Jesus: *Learns Continually, Worships Passionately, Loves Selflessly, Gives Sacrificially, Lives Missionally* (Which we developed fall, 2006). The leaves also, being of different shape and color, symbolize the value of diversity within the church.
- Jesus Christ died on a tree, and through his death and resurrection provides sustaining life for his people.
- At the base of the tree is the subtle outline of an open bible formed by its roots, symbolizing our desire to be deeply rooted in the power of the Word of God and the illumination of the Holy Spirit.

About Our Graphic Identity

Our Purpose:

To see people transformed into fully devoted followers of Jesus Christ through the power of the Holy Spirit and the Word of God.

Symbolism of Our Purpose in this Identity:

- The image of a tree is used in different places in scripture to represent people and to represent growth and transformation. Jeremiah 17:7-8 talks about the goal of being like a tree planted by the water whose roots go deep and provide nourishment and hope and fruit even when the droughts of life come. Paul and Jesus both talk about our lives bearing spiritual fruit like that of a tree. God's people collectively are also referred to as a living organism in Scripture, even as a tree at times with the Gentiles being grafted in.
- The idea of transformation is often one of slow, steady growth. The life cycle of a tree very much mirrors the way a Christian should grow and be transformed into maturity. What began as a small seed becomes a powerful monument of life and strength as it is nurtured and slowly matures over time.

This booklet is a tool to help the Wawasee Bible family gain greater unity, clarity and joy in fulfilling God's great destiny for our congregation as His representatives in this world.

It states our mission (purpose),
our vision (passion),
our values (practice),
and how we plan to fulfill
that calling (process).
